

About Us SohoOS

The Company

SohoOS was founded in 2010 by a group of passionate people with a desire to shift the benefits of globalization in favor of everyone, everywhere.

It's what I would
have designed
if I knew anything

SohoOS User

Our vision is to establish a new global micro-economy by empowering micro-businesses and freelancers worldwide with the management tools they need to flourish. First, to help stimulate and increase growth, and second, to provide a supportive environment in which to interact and collaborate with others- free of charge.

With an unparalleled growth rate of thousands of small businesses joining daily, SohoOS will assist you in your daily efforts to compete, offering a free-of-charge platform for the management of your business.
